Mr.
Edison Lascano
Full Time Teacher of the Computer Science Department
Army Forces University ESPE.

Letter of Intent

"Optimized Diagnostic System" Submitted as a project proposal within the Object Oriented Programming subject with NRC 2858 promoted by Mr. Edison Lascano, PhD, Full Time Teacher of the Computer Science Department of the Universidad de las Fuerzas Armadas "ESPE"

I the undersigned, confirm on my name, Dr. Elio Ramirez, Traumatologist specialized in Vertebral Column, and Manager of SAN RAFAEL MEDIC CIA. LTDA. I am interested in the above-mentioned project and I support it. Also, I would like to be kept informed about the progress with the implementation in the area of "External Consult".

I believe that the submitted proposal is part of the goals and aspirations that the "FailOverflow" team have as part of their evolution. The developers that are part of the team are:

- Edison Javier Toapanta Pichucho (Coordinator Team)
  Ejtoapanta2@espe.edu.ec
- Ruben Alfredo Tomala Vera
  ratomala1@espe.edu.ec
- Jhonatan David Tituaña Toapanta
  Jdtituaña@espe.edu.ec
- Samantha Nicole Tipanguano Santamaria
  Sntipanguano@espe.edu.ec

I therefore fully support this initiative.
